

ENROLLER'S REPORT

This has been my first year as Enroller for HLfL and it has been an interesting learning curve. I expected spreadsheets and number crunching, but the bonus has been the contact with our members and the pleasure of dealing with you all. It has been a pleasure to renew contact with our former members and also to hear from new members trying HLfL Courses for the first time.

Some facts and figures:

- We had 8 Courses in the Autumn Term and 6 of them continued in the Spring Term.
- 151 members enrolled on at least one of our Courses in Autumn2022 - Spring2023.
- There was an average enrolment of 21 students per class, and several Courses were at our maximum of 24 students per class.
- I processed more than 300 enrolments for the 2022-2023 Courses, and I am hoping for at least as many for Autumn 2023- Spring 2024.

We look forward to seeing you all again in September.
